

STATUS REPORT

Vol-VII

Activities being undertaken by NEEPCO
in Respect of COVID-19 Outbreak

North Eastern Electric Power Corporation Ltd.

#IndiaFightsCorona Covid-19

NEEPCO Fights COVID-19 Pandemic

As a responsible corporate citizen, the Corporation has also initiated schemes for local entrepreneurship. Assam Gas Based Power Plant, Bukoloni, Assam, has extended financial assistance to Self Help Groups of Women located near the Plant for producing facial masks which were then procured for use by the employees of the Plant. We have also continued to provide assistance to the local authorities in terms of relief materials for the needy and PPEs, such as facial masks, hand sanitisers, hand gloves, etc.

As part of precautionary measures, the Corporation continued strict monitoring of entry of goods laden vehicles in its Power Plants with sanitisation and thermal scanning of people at the entry gates. Routine deep cleansing and sanitisation of Workspaces, Township Colony and surrounding areas are being carried out as preventive measures against COVID-19.

A number of awareness programmes were conducted as a part of Swachhta Pakhwada and Prevention of COVID-19 pandemic for Employees, Contract Workers, Drivers, Hygiene workers, Security Personnel in all offices and power plants through Trainings, Banners, Slogan Writing Competitions besides providing them with PPEs and installing hand washing and sanitising facilities in various locations.

**Not essential during
COVID-19 or ever**

#TobaccoExposed

Tobacco limits people's ability to fight the Corona virus and recover from the disease.

Smoking suffocates the lungs and other organs, starving them of the oxygen they need to develop and function properly.
