From the Editorial Board ...

We are celebrating our 37th foundation day on 2nd April 2013. The organization has come a long way since 1976 and has achieved crossed many milestones. However, with the changing business environment and economic policies of the government, the Corporation faces new challenges which require dedicated service from all sections of employees. As we celebrate our foundation day and the successes that we have achieved, it is also the time to reflect on our shortcomings and rededicate ourselves to carry out our assigned tasks so that the organization can achieve greater heights and take its rightful place in the corporate world. As we all know change is the only constant and we at NEEPCO News has also undergone a change of guard with couple of new members in the editorial board. We hope to carry forward the good work done by the previous editorial board and shall leave no stone unturned to achieve greater heights. In this endeavour as a first tiny step, we are introducing a new page on our MOU targets and achievements thereof in order to disseminate this vital information amongst the employees.

NEEPCO through its HRD Learning centre is providing training and educational support with resources and tools, thereby creating an enthusiasm to its employees that will produce result and equip them to face new challenges in the future. That is where every NEEPCO employees are called upon to dedicate and do our bit for the Corporation. NEEPCO as a responsible organisation is also contributing for the welfare, progress and development of the society. This can clearly be seen through its CSR-CD policies, thereby doing its bit for the development of the nation.

We are happy to inform that NEEPCO has performed exceedingly well in the just concluded Inter CPSU Cricket and Badminton Tournament under the aegis of Power Sports Control Board by winning 2nd runner up trophy in both the events.

As time roll on, many of our senior colleagues has also retired from service. However, it is a plain truth that some day and at some point of time we all shall leave service. It was a great and pleasant journey we had undertaken together and as we bid these senior colleagues adieu we take this opportunity to express our heartfelt gratitude for the service rendered by them. We wish them all, a very happy retired life.

On the auspicious occasion of our foundation day, NEEPCO News wishes all employees a very happy and prosperous year ahead.
