**KOPILI HYDRO POWER STATION, STAGE – I Extn, (2 x 50 MW)**  
**MONITORING REPORT ON THE IMPLEMENTATION OF CONDITIONS OF**  
**ENVIRONMENTAL CLEARANCE AS ON SEPTEMBER'2025**

**PART-I**  
(DATA SHEET)

1	Project type	River-valley
2	Name of the project	Kopili Hydro Power Station Project, 1 <sup>st</sup> Stage Extension
3	Clearance letter/OM No. & date	Environmental clearance no: J-11016/67/82-IA-I dated 2 <sup>nd</sup> March 1993.
4	Location	District – Dima Hasao. State – Assam Latitude/ Longitude: 25° 32' N 92° 41' E
5	Address of correspondence (a) address of concerned Project Chief Engineer	The Head of Plant Kopili Hydro Power Station NEEPCO Ltd., Umrongso PIN-788931 Tel:03670-288222 FAX-03670-288240
6	Salient features (a) of the project (b) of the Environment management plan	Already submitted.
7	Break up of the project area (a) Submergence area (forest & non-forest) (b) others	No new acquisition of land for reservoir after Stage-I, KHPS
8	Break up of project effected population with enumeration of those losing houses/dwelling units only, agricultural land and land less labourers/artisans (a) Adivasis (b) Others	NIL NIL
9	(a) Project as originally planned and subsequent revised estimates and the year of prime reference  (b) Allocation made for environmental management plans	Original estimated cost Rs.111.00 Crores (including IDC of Rs.9.03 Crores) sanctioned vide letter no:22/17/88-D(T&N) dated 14.05.93 of MOP, GOI Revised cost Rs.134.48 Crores (including IDC Rs.3.53 Crores) sanctioned vide letter no 6/4/96-Hydel-11 dated 27.07.99 of MOP, GOI.  Rs.603.00 lakh Debt:Equity ratio:1:1

**ANNEXURE - II**

**KOPILI HYDRO POWER STATION STAGE-I Extn., (2 X 50 MW)**  
**REPORT ON THE IMPLEMENTAION STATUS OF CONDITIONS OF ENVIRONMENTAL CLEARANCE AS ON SEPT '2025.**

**PART – II**

1. Project Type : River Valley
2. Name of the Project : Kopili Hydro Power Station Stage – I Extension (2X50 MW)
3. Clearance Letter and date : J-11016/67/82-IA.1 dt. 02-03-1993
4. Location:
  - a) District : Dima Hasao
  - b) State : Assam
  - c) Latitude/ Longitude : 25°30' N 92°41' E
5. Address of Correspondence : The Head of Plant, KHPS, NEEPCO Ltd.,  
Umrongso, Dima Hasao, Assam  
Pin – 788931  
Phone: 03670-288222, FAX: 03670-288240
6. Date of Monitoring : 19.12.2017 to 23.12.2017 & 10.03.2023

Sl No.	Stipulation	Status of Compliance
1	Considering that the upper catchment of Kopili river has been exposed to increasing intensity of human interference due to various developmental activities and creation of network of roads and that it happens to be the habitat of diverse flora and fauna, NEEPCO should undertake rapid survey of Project impact area to identify and demarcate all areas rich in biological diversity for total protection.	Complied.
2	Even through, the area is rich in germplasm of many plants of economic importance; no detailed report on the survey of flora of Kopili river has been documented so far. The project authorities should, therefore initiate surveys for bio-diversity in the catchment through competent agencies.	Complied.

3	A phased programme for Catchment Treatment should be evolved and implemented by taking into consideration the reports already prepared by North Eastern Council and other Govt. agencies. The catchment area treatment programme should be completed prior to completion of the project work covering all the critically degraded areas.	The catchment of the project is spread in two states viz. Assam and Meghalaya. In Assam, the work of CAT was executed through N.C Hills Autonomous Dist. Council and the work is completed. However, in Meghalaya, the work of CAT was executed through Soil Conservation Department, Meghalaya. However, due to some demands by the local people which the Soil Conservation Deptt. could not agree, they had discontinued the work. Again, the matter has been taken with the Soil Conservation Department, Meghalaya in line with the monitoring report of MOEF and CC, North Eastern Region (NER) office, Shillong, Meghalaya.
4.	A plant resource center should be set up with representative species of regional flora through creation of botanical gardens in the sites in project colony, dam sites etc.	Complied.
5	Continuous monitoring of silt inflow at the project site and along the tributaries should be undertaken through creation of a network of silt monitoring stations to identify critical areas requiring priority treatment along with the project.	Complied
6	Details of Nurseries and mobilization of work force to handle afforestation programme be worked out and submitted to the Ministry.	Complied.
7	Inventory of aquatic fauna in the region should be prepared along with feeding habits and breeding cycles.	Complied.
8	Adequate free fuel arrangements should be made to the labour force employed during construction of the project to avoid destruction to the vegetation cover in the neighbouring areas	Complied.
9	Restoration of construction area should be ensured to the extent possible by leveling, filling of pits and landscaping etc.	Complied.

10	The Ministry should be informed every six months of the follow up action taken on the recommendations and the project should be initiated only after ensuring that all arrangements to execute the above recommendations have been made as an integral part of the project.	Complied. Arrangements are made to complete the follow up actions.
11	Item-wise financial allocation with yearly requirement should be made in the project budget for implementation of the safeguard	Complied. Budget provision is available.
12	A Multi Disciplinary Committee should be constituted to ensure effective implementation of the safeguard	Multi-Disciplinary Committee was constituted and the last meeting was held on 10.03.1998. Due to lapse of time, documents related to formation of the Multi-Disciplinary Committee are not available. As such, the matter was discussed with the officials of MOEF and CC, NER, Shillong, Meghalaya during the visit to the Kopili H.Power Station in the Month of December, 2017 and action has been taken for reconstituting the Multi – Disciplinary committee in order to arrange meetings etc. The same is being pursued.
13	Implementation of these and any other safeguards that shall be stipulated latter in this regard will be implemented among others under provisions of the Environment (Protection) Act, 1986.	“Consent to operate” has already been granted up to 31-03-2030.
