**BUSINESS RULES FOR REVERSE AUCTION**  
**GENERAL TERMS AND CONDITIONS OF REVERSE AUCTION**

Against this Notice Inviting Bid, NEEPCO may resort to "REVERSE AUCTION PROCEDURE" i.e. **ONLINE BIDDING on INTERNET**.

1. For the proposed reverse auction, technically and commercially acceptable bidders only shall be eligible to participate.
2. NEEPCO will engage the services of M/s. e-Procurement Technologies Ltd, Ahmedabad, (ETL), the service provider who will provide all necessary training and assistance before commencement of on line bidding on Internet. The bidders may contact the service provider for necessary assistance and training.
3. Business rules like event date, time, start price, bid decrement, extensions, etc. also will be communicated through service provider for compliance.
4. Vendors have to fax/e-mail the process compliance form in the prescribed format (**Annexure-2**) before start of Reverse auction. Without this the vendor will not be eligible to participate in the event.
5. Reverse auction will be conducted on schedule date & time.
6. At the end of reverse auction event, the lowest bidder value will be known on the network.
7. The lowest bidder has to fax/e-mail the duly signed filled-in prescribed format (**Annexure-3**) as provided to NEEPCO through service provider within 24 hours of auction without fail.
8. Any variation between the on-line bid value and signed document will be considered as sabotaging the tender process and will invite disqualification of vender to conduct business with NEEPCO as per prevailing procedure. In such case, the on-line bid value shall be considered for evaluation and award.
9. In case NEEPCO decides not to go for Reverse auction procedure for this tender enquiry, the award shall be decided on the basis of price bids of Techno-Commercially qualified bidders, in terms of Bid document.
10. **The reverse auction will be treated as closed only when the bidding process gets closed in all respects for the item listed in the tender.**

**Business Rule for finalization of the procurement**

NEEPCO may finalize the procurement against this Tender through reverse auction mode. NEEPCO has made arrangement with M/s. e-Procurement Technologies Ltd, Ahmedabad, (ETL) who shall be NEEPCO's authorized service provider for the same. Please go through the guidelines given below and submit your acceptance to the same along with your Techno-Commercial Bid through a Declaration (Form-H, Vol-5 of Tender Forms & Data Sheet).

1. Computerized Reverse auction shall be conducted by NEEPCO, on pre-specified date, while the vendors shall be quoting from their own offices/ place of their choice. Internet connectivity and other paraphernalia requirements shall have to be ensured by vendors themselves. In the event of failure of their Internet connectivity, (due to any reason whatsoever it may be) it is the bidders responsibility / decision to send fax communication, immediately to E-Procurement Technologies Ltd.(ETL) furnishing the price, the bidder wants to bid online, with a request to ETL to upload the faxed price on line so that the service provider will up load that price on line on behalf of the Bidder. It shall be noted clearly that the concerned bidder communicating this price to service provider has to solely ensure that the fax message is received by ETL in a readable / legible form and also the Bidder should simultaneously check up with ETL over phone about the clear receipt of the price faxed. It shall also be clearly understood that the bidder shall be at liberty to send such fax communications of prices to be up loaded by ETL only before the closure of Bid time and under no circumstances it shall be allowed beyond the closure of bid time. Such bidders have to ensure that the service provider is given a reasonable required time by the bidders, to upload such faxed prices online and if such required time is not available at the disposal of ETL at the time of receipt of the fax message from the bidders, ETL will not be uploading the prices. It is to be noted that either NEEPCO or ETL are not responsible for these unforeseen circumstances. In order to ward-off such contingent situation, bidders are requested to make all the necessary arrangements / alternatives whatever required so that they are able to circumvent such situation and still be able to participate in the reverse auction successfully. However, the vendors are requested to not to wait till the last moment to quote their bids to avoid any such complex situations.
2. Please note that the start price of an item in online reverse auction is open to all the participating bidders. Any bidder can start bidding, in the online reverse auction, from the start price itself. Please note that the first online bid that comes in the system during the online reverse auction can be equal to the auction's start price, or lesser than the auction's start price by one decrement, or lesser than the auction's start price by multiples of decrement.
3. ETL shall arrange to train bidder's nominated person(s), without any cost to you. They shall also explain you, all the Rules related to the Reverse Auction/ Business Rules Document to be adopted along with bid manual. You are required to give your compliance on it before start of bid process.
4. **BIDDING CURRENCY AND UNIT OF MEASUREMENT:**  
Bidding will be conducted in Indian Rupees (INR).
5. **Starting/Opening Bid and Bid Decrement:**

The opening price of the RA and the bid decrement value shall be available to the bidders on their bidding screen.

6. **BID PRICE:**

Bid Price shall mean the price quoted by a bidder during Reverse Auction. The Bidder has to quote the Total cost to NEEPCO for the items specified. Calculation sheet, if any, to arrive at the Total cost to NEEPCO should be kept ready by the bidder.

7. Vendors technical and commercial bid and subsequent correspondences between NEEPCO and the vendors regarding commercial terms & conditions shall correspond to NEEPCO & Vendor only.

8. Price offered by a bidder in reverse auction shall be a composite part of the Bid. Accordingly, the Bid validity period specified in NIB shall prevail.

9. **Procedure of Reverse Auctioning**

a) **Online English Reverse (no ties) Auction {Reverse Auction}:** NEEPCO will declare its **Opening Price (OP)**, which shall be visible to the all vendors during the start of the reverse Auction. You will be required to start bidding after announcement of Opening Price and decrement amount. Also, please note that the start price of an item in online reverse auction is open to all the participating bidders. Any bidder can start bidding, in the online reverse auction, from the start price itself. Also, please note that the first online bid that comes in the system during the online reverse auction can be equal to the auction's start price, or lesser than the auction's start price by one decrement, or lesser than the auction's start price by multiples of decrement. The second online bid and onwards will have to be lesser than the last Accepted bid rate by one decrement value, or lesser than the last Accepted Rate by multiples of the decrement value.

b) The bid decrement amount shall be specified by NEEPCO.

c) English Reverse (no ties) shall be for a **period of 1 Hour**. If a bidder places a Bid in the last 5 minutes of Closing of the Auction, the auction shall get extended automatically for another 5 minutes. **In case, there is no Bid in the last 5 minutes of closing of Auction, the Auction shall get closed automatically without any extension.**

d) Auto Bid : (If Applicable)

i) The Auto Bid feature allows Bidders to place an automated bid against other Bidders in an auction and bid without having to enter a new amount each time a competing Bidder submits a new offer.

ii) Bidders are supposed to quote their best lowest price in confirmation to the decrement value. Please note that the auto bid value can be entered only once for a particular Item in a particular event. The bidders can at no point of time, during the course of the auction, revise/delete their auto bid values. The bidders have the facility to revise their auto bid value prior to the start of the event.

- iii) This feature can be used only once during a particular Reverse Auction and only after the L1 rate is equal to or less than the minimum bid amount that the bidder has put in the system will he get the option to manually bid for the same. In no case during the bidding till the L1 rate or less is not reached as equivalent to the minimum bid amount offered by the bidder, will the bidder get the option to manually bid for the same.
  - iv) The situation wherein manual bidder quote the same price quoted by other bidder who has opted for the auto bid feature (although auto bid price is neither visible to any of the other bidders nor NEEPCO nor ETL), manual bidder would get a precedence over the auto-bidder. In no case auto bid can be stopped or cancelled.
  - v) In case all the participants opt for auto bid, the bidder who has entered the value first will get the precedence in that order
- 10. Successful vendor shall be required to submit the final prices, quoted during the English Reverse (no ties) exactly in **Annexure-3** (Price Confirmation) issued by NEEPCO/Service provider after the completion of Auction to NEEPCO, duly signed and stamped as token of acceptance without any new condition other than those already agreed to before start of auction (or confirmed during TC bid evaluation).
- 11. During English Reverse (no ties), if no bid is received within the specified time, NEEPCO, at its discretion, may decide to revise Opening price / scrap the reverse auction process / proceed and the award shall be decided based on Price Bids of the Techno-Commercially qualified bidders.
- 12. Bidders' bid will be taken as an offer to supply/ provide service/ execute work. Bids once made by bidder, cannot be cancelled / withdrawn and bidder shall be bound to supply/ provide service/ execute work (as per scope mentioned in The Bid document) at bidder's final bid price. **Should any bidder back out and not supply/ provide service/ execute work as per the rates quoted, NEEPCO shall take action as appropriate.**
- 13. You will be able to view the following on your screen along with the necessary fields in the English Reverse (no ties) {Reverse Auction}:
  - a) Leading Bid in the Auction (L1 Price)
  - b) Bid Placed by you
  - c) Opening Price.
  - d) Your rank in the auction.
- 14. At the end of the Reverse Auction, NEEPCO will decide upon the winner. NEEPCO's decision on award of Contract shall be final and binding on all the Bidders.
- 15. NEEPCO shall be at liberty to cancel the reverse auction process / tender at any time, before ordering, without assigning any reason.

16. NEEPCO shall not have any liability to bidders for any interruption or delay in access to the site irrespective of the cause.
17. Other terms and conditions shall be as per your techno-commercial offers and other correspondences /final confirmation against the NIB.
18. Vendors are required to submit their acceptance to the terms / conditions / modality given above before participating in the reverse auction as per **Annexure-2** (Process Compliance Form).
19. **LOG IN NAME & PASSWORD:**  
Each Bidder is assigned a Unique User Name & Password by ETL. The Bidders are requested to change the Password after the receipt of initial Password from ETL. All bids made from the Login ID given to the bidder will be deemed to have been made by the bidder.
20. **LOWEST BID OF A BIDDER:**  
In case the bidder submits more than one bid, the lowest bid will be considered as the bidder's final offer to execute the work.
21. **AUCTION TYPE:**  
English Reverse Auction No Ties.
22. **DURATION OF AUCTION:**  
The auction will be of 60 Mins duration. In case there is any acceptable bid quoted by any bidder within 5 minutes of closing of the auction, the auction will be extended by another 5 minutes. Such extension will be allowed to continue till no quote is placed within 5 minutes of the last quote. However, vendors are advised not to wait till the last minute or last few seconds to enter their bid during the auto-extension period to avoid complications related with internet connectivity, network problems, system crash down, power failure, etc. (THIS SCHEDULE IS TENTATIVE. IF ANY CHANGE IN SCHEDULE, THE SAME SHALL BE COMMUNICATED TO BIDDER).
23. **BID DECREMENT:**  
The minimum Bid decrement shall be available to the Bidders at the start of the auction. The bidder can view the same by clicking on the Item details at the start of the auction. The bidder can bid lower than the Lowest Bid in the auction by a decrement, multiple of the minimum Bid decrement or at least of minimum bid decrement plus multiples of Bid Decrement. Also, please note that the start price of an item in online reverse auction is open to all the participating bidders. Any bidder can start bidding, in the online reverse auction, from the start price itself. Also, please note that the first online bid that comes in the system during the online reverse auction can be equal to the auction's start price, or lesser than the auction's start price by one decrement, or lesser than the auction's start price by multiples of decrement. The second online bid and onwards will have to be lesser than the L1 rate by one decrement value, or lesser than the L1 Rate by multiples of the decrement value.

24. **AUCTION WINNER:**

At the end of the Reverse Auction, NEEPCO will evaluate all the bids submitted and will decide upon the winner.

25. **OTHER TERMS & CONDITIONS:**

- a) The Bidder shall not involve himself or any of his representatives in Price manipulation of any kind directly or indirectly by communicating with other suppliers / bidders.
- b) The Bidder shall not divulge either his Bids or any other exclusive details of NEEPCO to any other party.
- c) NEEPCO's decision on award of Contract shall be final and binding on all the Bidders.
- d) NEEPCO along with ETL can decide to extend, reschedule or cancel any Auction. Any changes made by NEEPCO and / or ETL, after the first posting will have to be accepted if the Bidder continues to access the site after that time.
- e) ETL shall not have any liability to Bidders for any interruption or delay in access to the site irrespective of the cause.
- f) ETL is not responsible for any damages, including damages that result from, but are not limited to negligence. ETL will not be held responsible for consequential damages, including but not limited to systems problems, inability to use the system, loss of electronic information etc.
- g) **All the bidders should have a valid digital certificate to participate in the online event. Under no circumstances will the bidders be allowed to participate in the online event without Digital Certificate.**
