## PRE-BID CLARIFICATIONS 2 AGAINST NIB No. 356 DTD. 05/05/2020

| Sl. No. | Clause No. | | Bidder's query | NEEPCO's clarification |
|---|---|---|---|---|
| 1. | DNIB, Cl. 3.1 (iii) | The bidder must have prior experience of execution of atleast 1 (one) project of implementation of Microsoft Active Directory (AD)/ LDAP based applications having at least 500 clients/ users in the last 5 years. Work order copy and project completion certificate indicating the number of users/clients must be furnished. | Other eligibility criteria in that tender is absolutely fine as that is your functional requirement but the above technical requirement allows participation of bidders who have experience of implementing **AD & CAL of 500 or more users**. Here we would like to highlight that AD and CAL is a Proprietary Microsoft product hence any bidder who is a partner to Microsoft with an experience of implementing AD & CAL should stand eligible, mentioning the value 500 or more is irrelevant to the scope of the tender. | Bid Condition prevails. |
| 2. | Detailed NIB, Cl No. 3: Qualifying Requirements Cl. No. 3.1: Technical | | There is no **OEM Authorization** mentioned in the tender wherein the product is proprietary in nature. This needs to be incorporated as the Licenses will be issued from the OEM. | Amended as per Corrigendum No. 2 dtd. 04/06/2020 |
