<p>We would like to inform that we have received a confirmation from Microsoft Compliance Team that NEEPCO can go ahead with the Microsoft Office Standard 2016 INC OLP D GOV (Part No.021- 10574).</p> <p>However, as this part code do not support Mac OS for reasons best explained in our previous mail, you are hereby requested to remove support for Mac OS.</p>	Refer Corrigendum-1 dtd: 30/11/16							

		<p>We would like to bring these below two points for your kind attention.</p> <p>1. As per Microsoft licensing policy for various customer, Office Std 2016 INC OLP D Gov, as mentioned in the RFP is not the right SKU(part code) for NEEPCO. Procurement of this license may violate Microsoft licensing policy and thus lead to compliance issues later on. We would like to recommend MS Office Standard 2016 OLP C SKU for NEEPCO as the right SKU. You may also take Microsoft suggestion in this regard.</p> <p>2. Also, MS Office for MAC is available only in Full Packaged product for single user license with no firm clarity in delivery schedule. No volume licenses are available for MAC platform. All volume licenses are compatible to Windows only. Vide note, Technical Compliance sheet Point 2.</p> <p>Request your attention to bring necessary changes in the RFP and possibly for a corrigendum in effect before the submission date.</p>	<p>1. Bid stipulation prevail.</p> <p>2. Refer Corrigendum-1 dtd: 30/11/16`</p>
		<p>Please be noted that there is separate version of Microsoft Office which supports MAC OS. Microsoft Office Standard 2016 INC OLP D GOV donot support MAC OS, it supports only Windows version.</p> <p>Hence, request you to clarify on the point.</p>	<p>Refer Corrigendum-1 dtd: 30/11/16</p>
		<p>The technical specification required by NEEPCO for the procurement of 300 Microsoft office standard with part code (Microsoft Office Standard 2016 INC OLP D GOV 021-10574) doesn't supports MAC operating system marked in yellow.</p> <p>We would suggest you to please revise the tender and share the technical specification without MAC operating system compatibility. The revised specification will be as follows:</p> <p>The software should support Windows 7, Windows 8, Windows 8.1, Windows 10, b. The software should be well compatible with all 32 bit and 64 bit machines</p>	<p>Refer Corrigendum-1 dtd: 30/11/16</p>
